

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

Clermont County, Ohio was established in December 1800 and is Ohio's eighth oldest county and the state's furthest county west in Appalachia. It is bounded by Warren and Clinton Counties to the north, Brown County to the east, Hamilton County to the West and the Ohio River on its South and Southwest borders. Clermont County is approximately 24 miles South East from Cincinnati and encompasses 460 square miles, of which 452 square miles is land and 7.7 square miles is water. Clermont County consists of 14 Townships (Batavia, Franklin, Goshen, Jackson, Miami, Monroe, Ohio, Pierce, Stonelick, Tate, Union, Washington, Wayne, Williamsburg), 2 cities (Loveland and Milford), 11 Villages (Amelia, Batavia, Bethel, Chilo, Felicity, Moscow, Neville, New Richmond, Newtonsville, Owensville, Williamsburg) and 8 Census-designate Places (Day Heights, Goshen, Miami, Mount Carmel, Mount Repose, Mulberry, Summerside, Withamsville).

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The overall objective of this plan is to provide, facilitate, or encourage the services in the following areas:

1. Enhance Economic Development & Training Activities
2. Improve Public Facilities and Infrastructure
3. Increase Quality of Owner Occupied Homes
4. Address the Needs of Homeless and At-Risk Families
5. Increase Quality of Affordability of Rental Units
6. Provide and Expand Public Services

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The County has evaluated previous projects based on the following areas:

Timeliness: Did projects begin and end on time?

Finances: Were engineer estimates reasonable? Were invoices correct and submitted on time? Was prevailing wage used, when applicable?

Outcome: did the project meet the need that it was designed to meet?

Issues: If any issues occurred, were they rectified quickly?

The answers to these questions were considered when choosing which projects to fund.

4. Summary of Citizen Participation Process and consultation process

5. Summary of public comments

6. Summary of comments or views not accepted and the reasons for not accepting them

7. Summary

Clermont County is grateful for the opportunity to be a part of the CDBG program and desires to continue to reach out to its residents by performing projects that meet one or more of the national objectives set up by HUD.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

Clermont County holds public meetings in which the cities, villages and townships were encouraged to attend. During this meeting, CDBG funding is discussed. The Grants Coordinator regularly takes calls and questions from various municipalities and private non-profits through the year regarding funding.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The County will continue to work with the Clermont County Affordable Housing Coalition to enhance coordination between public and private housing, health and social service agencies. The Grants Coordinator is a member of the Affordable Housing Coalition. The Housing Advisory Committee is also a valuable resource for information and communication.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The Housing Advisory Committee and the Clermont County Affordable Housing Coalition were both integral parts of the planning process and evaluation of the Consolidated and Annual Plan

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction’s consultations with housing, social service agencies and other entities

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Starting in 2015, the County initiated management of an annual funding cycle for CDBG funds to communities and applicants based on how well the proposed projects meet the priority needs and goals of this Comprehensive Plan. The communities are charged with identifying activities and assistance areas, based on citizen input informed by law and regulation, to address local needs and priorities that were consistent with the goals of the Consolidated Plan.

Table 9 – Project Summary

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Clermont allocates as much CDBG funding as possible to its 27 member communities, less program administration, housing rehabilitation, and public services.

Starting in 2015, the County began management of an annual funding cycle for CDBG funds to communities and applicants based on how well the proposed projects meet the priority needs and goals of this Comprehensive Plan. The communities are charged with identifying activities and assistance areas, based on citizen input informed by law and regulation, to address local needs and priorities that were consistent with the goals of the Consolidated Plan.

Geographic Distribution

Target Area	Percentage of Funds
LMI Census Tracts	

Table 10 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Clermont County operates an Urban County CDBG program that encompasses a large geographic area including diverse participating communities. In the 2010 census, many of the census tracts previously defined as LMI were eliminated due to rising incomes in the County; however, many of these tracts still contain eligible LMI areas. To confront this barrier, individual communities will conduct income surveys to document eligibility of projects.

The County's philosophy is that the local communities know local needs best. As a result, communities are encouraged to submit project applications that fit their local needs. Project applications are evaluated by the County as to how well they address the goals and priority needs included in this Consolidated Plan. CDBG funds, less administration, housing rehabilitation, and public services, are distributed via this process.

Actions planned during the next year to address the needs to public housing

The County received no applications for public housing activities in the 2016 program year.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

As described in the Strategic Plan, the County supports PHAs developing programs to encourage residents to participate in management, community programming, and resident councils.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The CMHA is not designated as troubled.

Discussion

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The County's local shelters, operated by Clermont Community Services and the YWCA are staffed with people who are in a unique position to assess the needs of homeless people. Outreach efforts are managed through the Continuum of Care (CoC) to reduce duplications efforts to ensure that the greatest number of persons are assisted. The agencies included in the coordination include emergency shelters, warming centers(s), transitional housing programs, permanent housing programs, the youth shelter and street outreach and those providing short-term rental and financial assistance to very low income and homeless individuals and families.

As mentioned prior, Clermont County is a part of the Ohio Balance of Care and embraces the strategies described in the Ohio Consolidated Plan prepared by the Ohio Development Services Agency.

The state of Ohio's approach to homelessness in Ohio includes programs and services addressing each stage of the homeless continuum: homeless prevention, emergency shelter, transitional housing, rapid re-housing, and permanent supportive housing and aftercare programs. The state of Ohio has restructured these homeless programs to emphasize priority on preventing individuals and families from experiencing homelessness and, where homelessness does occur, rapidly moving individuals and families into permanent, sustainable housing.

Addressing the emergency shelter and transitional housing needs of homeless persons

The County 2015 - 2019 Consolidated Plan addresses homeless and homelessness prevention in four separate priorities: #3 Fair Housing, #8 Permanent Supportive Housing, # 10 Supportive Services, and #12 Emergency Shelter and Transitional Housing. This Plan implements these priorities by providing funding to the CoC for coordination of prevention and housing activities, as well as funding prevention, emergency shelter, transitional housing and permanent housing. Projects that address these priority needs have been ranked accordingly. It should also be noted that homelessness is also addressed through the various housing, public housing and community development programs mentioned throughout this Annual Plan.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

As mentioned, the County is a part of the State of Ohio Balance of Care CoC. Through the organizations that support CoC services in Clermont County, including Clermont Community Services, the County will continue to support programs that provide services to temporarily and chronically homeless families and individuals. This will occur through:

- Continuing strategic and tactical planning
- Continued applications for assistance made available by HUD, the State of Ohio, and other appropriate agencies,
- Seeking ways to expand the reach and effectiveness of the CoC in Clermont County through financial and other means of support.
- Considering the feasibility of applications made by agencies to provide affordable transitional and permanent housing to homeless and at-risk populations,

Providing human services to address the root causes of homelessness

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The County will implement the goals and strategies contained in Ohio Consolidated Plan prepared by the Ohio Development Services Agency.

Clermont County, through its CDBG programs, will continue to collaborate with service agencies to provide emergency shelter, transitional housing and permanent housing, as well as assistance to homeless individuals and those at risk of becoming homeless. It will also financially support public services designed to address the root causes of homelessness and provide interim assistance to help those affected address their daily needs.

Discussion

One year goals for the number of households to be provided housing through the use of HOPWA for:
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family
Tenant-based rental assistance
Units provided in housing facilities (transitional or permanent) that are being developed, leased, or operated
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Clermont County has a variety of housing types in all price ranges. It does not control municipal decision-making, but advises communities about land use policies and controls, zoning ordinances, and other actions that can promote affordable housing. It also identifies trends and helps communities plan for them, e.g. the Clermont County Comprehensive Plan, with results shared with municipalities so that they can factor design considerations into their ordinances. Other planned actions include:

- Implement its housing activities in a fair and equitable manner as required by law.
- Work on elderly housing issues and assist local municipalities that have expressed improving senior housing.
- Continue collaborative efforts with housing providers to promote both affordable home ownership and rental housing opportunities for LMI households.
- The County will continue to strengthen existing relationships, and build new relationships in its efforts to increase affordable housing opportunities.
- Support, if possible, other reasonable proposals for affordable housing.
- Work to address other barriers outlined in the strategic plan as opportunities arise.

Discussion

AP-85 Other Actions – 91.220(k)

Introduction

Introduction

The County will engage in a variety of activities through public and private partnerships to further address community needs.

Actions planned to address obstacles to meeting underserved needs

The County will continue to collaborate and partner with a wide network of housing and human service providers, to identify areas of need in the community.

Actions planned to foster and maintain affordable housing

The County will foster affordable housing including, with rehabilitation programs and encourage enhancements of code enforcement in low-income neighborhoods.

Actions planned to reduce lead-based paint hazards

The County will make sure complete lead risk assessments are done on all housing rehabilitation projects.

Actions planned to reduce the number of poverty-level families

The County will continue to offer services to families in poverty and support outside human service programs administered by community service providers.

Actions planned to develop institutional structure

The County will make a continued effort to improve services and service delivery, to customers, employees and partners in the community.
